- D 534 540 6" Curved

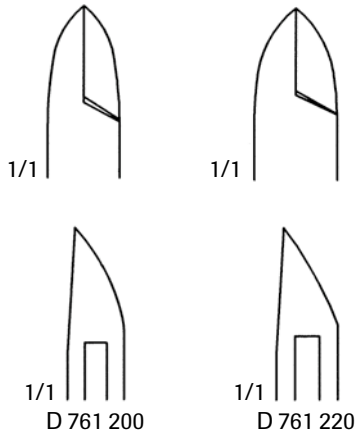

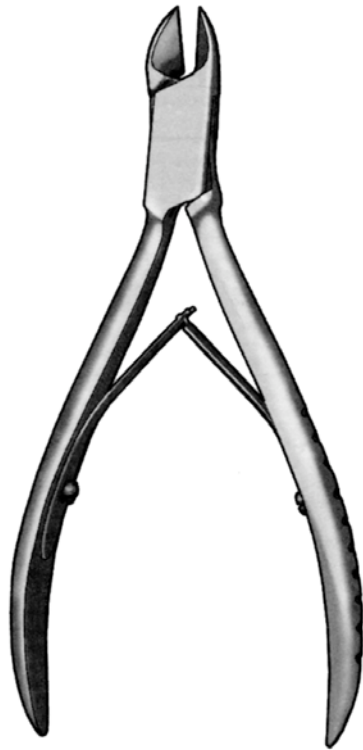

Dean (Blumenthal) Rongeur

4x11mm Bite

- D 534 560 6" 30° Curve

Nail Splitters

- Our nail splitters have the true feel of superb craftsmanship. The cutting edge is expertly ground and specially heat treated and the grooved handles provide a sure grip.
- Nail splitters should not be used on thick or mycotic nails, use nail nippers for these applications.

This short jaw design provides increased leverage for easier cutting of thick nails, causing less strain on the hand and splitter.
